February 9, 2006

**STATE ROUTE 210 BRIDGE CONSTRUCTION WILL REQUIRE  
FULL CLOSURE OF CALIFORNIA STREET IN SAN BERNARDINO,  
FEBRUARY 14-17**

State Route 210 construction will require a full closure at California Street just south of Highland Avenue in San Bernardino. This closure will be in effect February 14-17 from 9 a.m. to 3 p.m.

The detour for motorists is Medical Center Drive, using Highland and 16<sup>th</sup> Street. Pedestrian access under the construction will be able only on the west side of California Street under the supervision of construction flaggers. Pedestrians also may be required to wait until certain sections of construction activity are completed before crossing.

In addition to the Route 210 bridge construction at California, the City of San Bernardino is completing utility improvements extending south to 16<sup>th</sup> Street. Residents will be provided access to homes west of California and north of 16<sup>th</sup> through the construction zone. Please drive slowly through this area and watch for flag persons directing traffic.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at [www.sanbag.ca.gov](http://www.sanbag.ca.gov). SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.
